Revolution Yoga is excited to present their 3rd show featuring talented local artists and poets. We challenge our artists to submit a variety of work that encompasses this show's theme:

## “WHY?”

Art is a form of personal expression and purity of the soul. Why?...because it tells us more about our selves than history, science or religion does. Why?...because it captures the human soul like no other subject can. Why?...because it touches the human spirit in a way for all to enjoy. Humans crave individualism and have a natural curiosity to ask questions, to solve problems, and to seek deeper meaning to our existence. Why?...has become our inspiration for self expression in this art show. As artists, we present our questions and our answers in creative, beautiful, and inspiring ways - so tell us a story, provide us with answers, teach us about the deeper meaning in life, using your creative mediums. From oil on canvas to collage, sculpture, hand-painted black and white photography, video installation, music, or poetry, tell us **WHY**
